Photorealism is a genre of art that encompasses painting, drawing and other graphic media, in which an artist studies a photograph and then attempts to reproduce the image as realistically as possible in another medium.

In this workshop, Melissa will share with you her award winning techniques for transforming a photograph into a masterpiece of fiber art.

You will learn to see as an artist does, select appropriate fabrics, build a image using a raw edge applique method. Then enhance your work by adding depth, dimension and detail with inks.

Supplies:

A fee of $30 for required kit that includes:
- Image of Frog for pattern
- Hand selected fabrics
- Use of inks provided during class

You will need to bring:
- Freezer paper
- Pencil
- Fusible adhesive
- Small iron (clover works well)
- Ironing mat/pad
- Teflon pressing sheet
- Tweezers
- Small Sharp Scissors
- Small paint brushes (#2 & #10 are good choices)
- Personal light table (or you may use a window or iPad)
- 1 Fat Quarter of Background Fabric (light is best)
